ABOUT ME

I'm an IT diploma student who likes coding and figuring out how things work. I know HTML, CSS, Figma, UI/UX Design, and AI Tools (Prompt Engineering, Generative AI), and I like solving problems. Excited to learn, grow, and get some real-world experience in the tech field!

ACHIEVEMENTS

HACKATHON PARTICIPATION

- Actively participated in over 4 hackathons, contributing to the development of innovative projects, including a fitness website and blog pages.
- Played a key role in teamwork and problem-solving, resulting in our team being shortlisted for the Smart India Hackathon (SIH) Finale twice.

PERSONAL PORTFOLIO WEBSITE

- Designed and developed a Personal Portfolio Website to showcase frontend development skills, featuring a responsive and user-friendly interface.

ACADEMIC ACHIEVEMENTS

- Scored 85% in the 3rd semester of diploma studies.
- Enrolled in VIIE Vidyalankar Institute of International Education, where I completed add-on courses in Business Communication, Psychology, Economics, American History, and Music.
